HARD LOCKS

- Storm created in Catastrophe; Matthael only learns to hear it here.
- Barten signature is a checksum, not presence.
- Vask wants living keys; capture needs rescue window.
- Gate is voluntarily activated; Kossuth misroute remains through damaged oath-route.

TRANSIT

Beat 1 hold Crew · Beat 2 hold route data · Beat 3 choose body / gear / destination / debt / Storm Listening. Then assign Temple zone from Alignment + Interference.
